

A Legacy of Luxury Since 1996

Founded in 1996 in Bangalore, Shyam Furnishers and Decorators was built on passion, craftsmanship and a deep understanding of beautiful spaces. What began as a small interior initiative has grown into a trusted name known for creating refined interiors across Southern India.

For nearly three decades, we have been shaping luxury hotels, elegant villas, premium bungalows, sophisticated resorts and thoughtfully designed residences. Every space we create carries a balance of aesthetics and functionality. We believe interiors should not only look exceptional but also feel meaningful and comfortable to those who experience them.

Our journey has always been guided by attention to detail and respect for quality.

From customized furniture to complete interior solutions, each project is carefully designed to reflect the client's personality, vision and lifestyle. No two spaces are the same, because no two clients are the same.

Our strength lies in our craftsmanship and our people. With experienced designers, skilled artisans and a dedicated execution team, we ensure that every material, texture and finish speaks of excellence. We work closely with our clients from concept to completion, ensuring transparency, precision and timely delivery.

Being Bangalore based and functioning extensively across Southern India, we take pride in contributing to some of the region's most admired residential and hospitality spaces. Our reputation has been built over years of trust, consistency and an uncompromising commitment to quality.

As we continue to grow, our purpose remains clear. To design spaces that inspire, to craft interiors that endure, and to deliver luxury that feels personal and timeless.
